

1. Align and level the installation template in the desired mounting location. Pin or tape all corners to make sure it is flush against the cabinet.

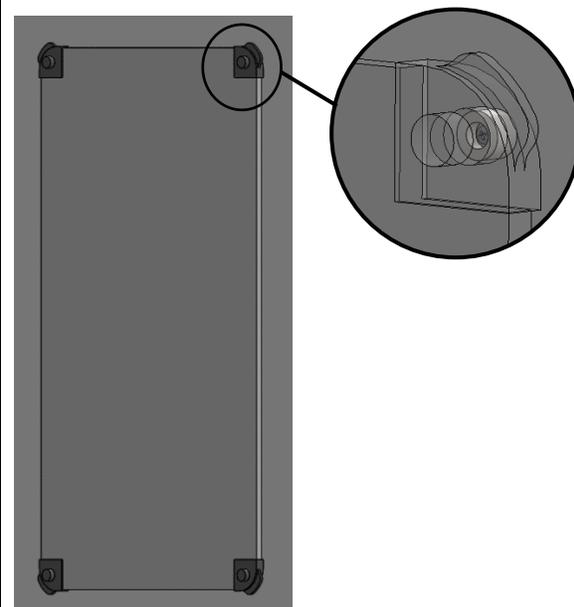

2. Push a tack or push pin through the center of the crosshairs in a circle marked "A". Repeat for all circles marked "A". Remove template from the cabinet.

3. Insert (1) screw into (1) mounting peg. Screw into a marked location until mounting peg is flush. Repeat for all marked locations.

4. Separate one markerboard from the 4-pack and place onto mounting pegs.
