# Pages Drywall Mounting Instructions
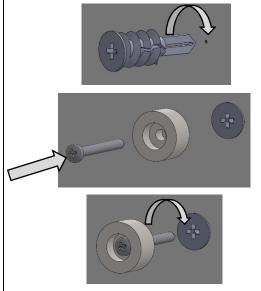

1. Align and level the installation template in the desired mounting location. Pin or tape all corners to make sure it is flush against the wall.

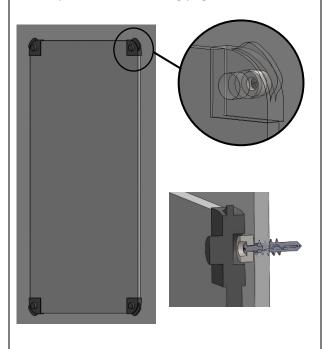

2. Push a tack or push pin through the center of the crosshairs in a circle marked "A". Repeat for all circles marked "A". Remove template from the wall.

3. Drill (1) anchor into a marked location until flush with wall. Insert (1) screw into (1) mounting peg. Screw into center hole of anchor until mounting peg is flush against wall. Repeat for all marked locations.

4. Separate one markerboard from the 4-pack and place onto mounting pegs.
