# PRODUCT OVERVIEW

## TABLES & DESKS

Tables and desks play a bigger role in student success than ever before as project-based learning grows in prominence. Static is out, and movement is in. Fleetwood delivers with durable tables designed to support multiple levels of mobility, height, compression, and reconfiguration. Can't find what you need? Call us for custom solutions.

## STORAGE

No longer just a built-in around the classroom perimeter, storage plays a vibrant role in project work. Storage creates easy access, divides space, and supports both analog and digital vertical collaboration with robust, mobile solutions outfitted for today's academic needs. Choose your look. Pick your price point. Fleetwood has you covered.

## SEATING

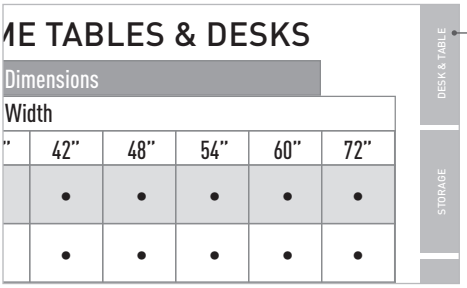

Rethink your seating solution. The traditional student chair may not optimize experiential learning and student wellbeing. Fleetwood's research with occupational and physical therapists points to elevating students to encourage multiple postures, eliminating chair backs to improve core strength, and supporting fidgeting for student achievement.

## WHITEBOARD

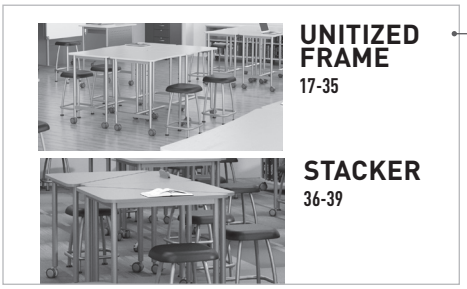

While digital displays grow in popularity, analog solutions – like whiteboards and flipcharts – also improve learning experiences and retention. Fleetwood's Pages system supplements groupwork by stimulating visual, verbal and writing skills.

# HOW TO USE THIS BOOK

## TABS

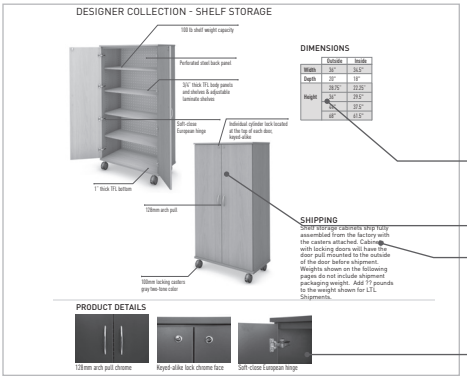

Use tabs on the right edge of the pages to find the section you want.

## OVERVIEW PAGES

Reference product overview pages to narrow down your search for products.

Utilize product matrices to understand sizes, recommended applications, and various styles and options.

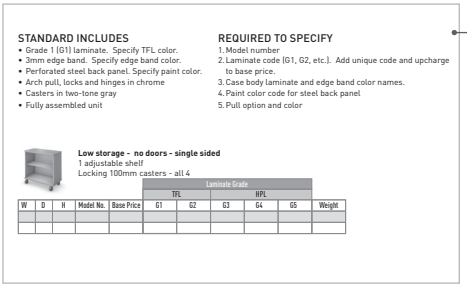

## PRODUCT INTRODUCTION

Check out product introduction pages to learn about product features, dimensions, application rules, and shipping.

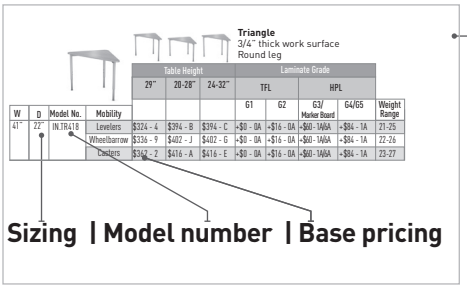

**CALLOUTS**

- Dimensions section highlights key external and internal product dimensions.
- Product rendering calls out important features.
- Shipping information describes if products ship fully assembled, partially assembled or ready to assemble. It also notes how hardware, casters, pulls and other items are shipped.

# HOW TO SPECIFY

Ordering is easy if you follow some basic steps. For most products, you'll just select the model number, finish codes and finish names. Some products have options that ship with the product. These might include pulls, mobility features (levelers, wheelbarrow, casters), or storage features that ship with the basic unit. For these, you will usually select a feature code, finish color and price upcharge. Below are three examples for tables, storage and seating. If you have any questions, please call us for help. Based on the information you provide, Fleetwood builds a custom model number (to reflect your unique specifications) and a detailed description. If you desire a built-up model number that reflects finishes and options, please contact us, and we will provide.

# TABLES AND DESKS

Fleetwood offers a coordinated collection of work surfaces large enough to support today's school tools – usually laptops and 3-ring binders – while small enough to support condensed floorplans. Most tops are symmetrical allowing spontaneous reconfigurations between lecture and project work, and they can be supported with either fixed or height-adjustable legs. In addition, the desks and tables are extremely durable, featuring welded steel bases, pick-proof and moisture-resistant edges, and optional heavy-duty levelers or casters. Custom shapes and sizes available.

## STANDARD FEATURES

- Fully welded steel frames and legs
- Laminate work surface with matching TFL finish on top and bottom. Other options include HPL, chemical-resistant HPL, marker board, phenolic resin, and maple block.
- Multiple mobility options on most work surfaces:
  - Levelers
  - Wheelbarrow (2 levelers and 2 casters)
  - Casters (All casters are locking)
- Multiple height options on most work surfaces:
  - Fixed – 29" high
  - Adjustable
    - 20-28" high
    - 24-32" high
    - 29-42" high
    - 34-42" high
- Multiple shape options
- Flip and Nest version
- Multiple technology options including grommets, wire management, and power

## APPLICATIONS

- Standard classrooms
- Specialty classrooms
- Other spaces on campus
  - Library and media center
  - Commons
  - Cafe'/life center
  - Teacher/faculty lounge
  - Administration

## KEY BENEFITS

- Robust construction that stands up to a lifetime of abuse
- Heights that support sit, stand and perch postures for multiple ages.
- Classic shapes that reconfigure easily and don't become outdated
- Tables and desks accept add-on accessories like book boxes, shelves, modesty panels, foot rails, and power/data for quick customization and price tailoring
- Surface materials that support different aesthetics and performance needs

## TIPS

- Desks and tables coordinate with all storage collections
- Adjustable height solutions provide the most flexibility to support multiple teaching modes, encourage student movement and engagement, and shift between multiple grades
- Classic Rectangle, Plane and Round shapes are easy to plan with

# WORKSTATIONS FOR THE CLASSROOM

**(DESIGNER COLLECTION SHOWN)**

As makerspaces and CTE classrooms grow, the need to provide standing-height, high-performance workstations with easy-access storage proves essential in creative and critical thinking skills environments.

## APPLICATIONS

- Makerspaces
- CTE
- Art
- Science
- STEM

## KEY BENEFITS

- Makes access to storage quick and intuitive
- Provides rugged work surfaces that stand up to abuse
- Creates flexible, highly mobile environments
- Supports sit, stand and perch postures easily

## TIPS

- For industrial-like applications. Use Sheerline workstations which feature metal frames
- For less intense environments, consider Designer workstations

# WORKSTATIONS FOR THE CLASSROOM

**(DESIGNER COLLECTION SHOWN)**

As makerspaces and CTE classrooms grow, the need to provide standing-height, high-performance workstations with easy-access storage proves essential in creative and critical thinking skills environments.

## APPLICATIONS

- Makerspaces
- CTE
- Art
- Science
- STEM

## KEY BENEFITS

- Makes access to storage quick and intuitive
- Provides rugged work surfaces that stand up to abuse
- Creates flexible, highly mobile environments
- Supports sit, stand and perch postures easily

## TIPS

- For industrial-like applications. Use Sheerline workstations which feature metal frames
- For less intense environments, consider Designer workstations

# SHEERLINE COLLECTION

Sheerline Collection boasts an industrial-style, urban aesthetic mixed with rugged performance that stands up to the most demanding classroom challenges, including science spaces. The line features visible, dent-resistant, welded steel frames around the perimeter. This dedication to durability also includes steel shelves and large, industrial casters that improve stability and mobility.

## STANDARD FEATURES

- Welded steel frame construction
- Laminate panels with matching TFL finish on both sides
- Oversized casters
- 5 knuckle hinges on doors
- 96mm Arch pull or 128mm Urban pull
- Adjustable steel shelves
- Steel bottom panel
- Keyed-alike locking doors and drawers in chrome
- One-piece steel body drawer
- Full-extension drawer slides
- Fully assembled for shipment

## APPLICATIONS

- Standard classrooms
- Specialty classrooms requiring rugged furniture (i.e. makerspaces, CTE, science, etc.)

## KEY BENEFITS

- Overall aesthetic looks great in industrial environments
- Protective metal frame around perimeter stands up to abuse
- Oversized casters, connected to metal frame, roll heavy loads easily and improve stability
- Metal shelves carry heavy loads
- Workstations support project work
- Designed for student safety

## TIPS

- Coordinates with Rectangle and Plane work surface shapes
- Metal paint and laminate combinations can create either monolithic or contrasting aesthetics
- Teams well with Illusions Collection

# ILLUSIONS COLLECTION FOR THE CLASSROOM

Illusions Collection is a flexible alternative to built-in cabinets that can be installed in a fraction of the time. It reconfigures easily to meet evolving needs or moves to support summer deep cleaning. A perfect color-match to all Fleetwood furniture, cabinets feature hidden casters so units can be rolled into place, and then connected via a patented toolless interlock design. Once installed, sinks and plumbing may be added, and overhead storage mounted on walls.

## STANDARD FEATURES

- Laminate panel construction
- TFL finish on panels
- European hinge on doors
- 2.5" dia. concealed casters in black
- Levelers for field installation
- 96mm Arch pull
- Adjustable shelving
- One-piece steel drawer body
- Full-extension drawer slides
- Keyed-alike locking doors and drawers
- Base cabinets interlocking mechanism

## APPLICATIONS

- Standard classrooms requiring significant storage
- Specialty classrooms (i.e. art, science, etc.)
- Teacher/faculty lounges
- Anywhere built-in cabinetry would be used but long-term flexibility is desired

## KEY BENEFITS

- Extensive offering meeting multiple application needs for perimeter wall storage
- Replaces built-in cabinetry but provides long-term flexibility to easily reconfigure, move, and clean
- Delivered pre-assembled to aid tight construction timelines
- Creates look of permanence and stability
- Supports sinks with backsplash for rooms like art and science
- Supports paper and object storage
- Toolless interlocking system to connect base cabinets

## TIPS

- Coordinates with all work surface shapes
- Laminate construction supports custom requirements

# LEARNING WALL COLLECTION FOR THE CLASSROOM

Learning Wall, part of the Illusions Collection, is a flexible alternative to built-in media cabinets that installs quickly and perfectly color-matches Fleetwood furniture. Each base cabinet features hidden casters so units roll into place and securely connect together.

## STANDARD FEATURES

- Laminate panel construction
- TFL finish on panels
- European hinge on doors
- 2.5" dia. concealed locking casters
- Levelers for field installation
- Porcelain marker boards
- Cork tack rail and map rail
- 96mm Arch pull
- Adjustable shelving
- One-piece steel drawer bodies
- Full-extension drawer slides
- Keyed-alike locking doors and drawers
- Base cabinets interlocking mechanism
- Sleeve connector

## APPLICATIONS

- Standard classrooms with limited wall space for both vertical display and storage
- Classrooms utilizing analog and digital communications in conjunction with each other
- Open classroom design where space division is needed between adjoining classes
- Specialty classrooms (i.e. art, science, etc.)

## KEY BENEFITS

- Addresses combined communication (analog and digital) and storage needs
- Works well in rooms with limited wall space as a perimeter solution
- Provides robust space division with high-performing functionality in open plan spaces
- Replaces built-in cabinetry and provides long-term flexibility to reconfigure, move, and clean
- Delivered pre-assembled to aid tight construction timelines
- Creates look of permanence and stability
- Supports paper and object storage
- Toolless interlocking system to connect base cabinets assures safety and tight alignment

## TIPS

- Designed to work with Illusions Collection storage or mobile storage solutions
- Architectural aesthete blends with any collection
- Laminate construction supports custom requirements

# SEATING – SOLUTIONS THAT ACTIVATE LEARNING

Fleetwood takes a unique view of seating. It's so much more than butts in seats. Instead, seating provides an opportunity to enhance students' learning. Unlike most seating that is passive and encourages no movement, Fleetwood's offering provides active support of physical movement throughout the day. The embedded seat mechanisms spur students to change postures frequently, enjoy improved blood circulation, build better posture, and engage more in learning. At the same time, our solutions are sensitive to space constraints in the classroom – whether it's smaller rooms or more students per square foot. Our solutions eliminate the cramped, cluttered feeling that results from conventional seating and open up spaces to improve circulation and connections throughout the day.

## APPLICATIONS

- General purpose classroom
- Specialty areas within classroom
- Gathering spaces

## KEY BENEFITS

- Supports fluid and frequent posture shifts between sit, stand and perch to encourage healthy behaviors
- Improves teacher-student interactions by creating eye-to-eye, nonhierarchical interactions by elevating students on stools
- Makes fidgeting productive via active seat mechanisms that allow students to move without disrupting others or suffering stereotyping
- Allows students to swivel bodies easily as classroom focal points shift due to non-handed, backless design
- Eliminates poor behavior like slouching and dazing when students lean on chair backs
- Improves classroom circulation and provides compression solutions with small footprint design

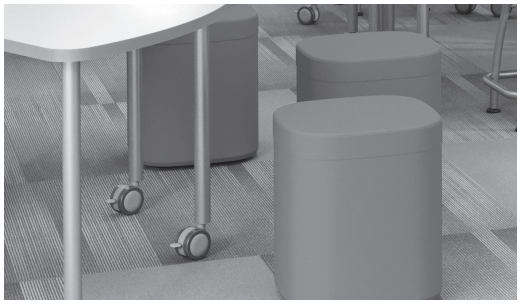

## TIPS

- Outfit one classroom before buying an entire school to evaluate engagement, connection, circulation, and activity-support level changes. Call us for help in your research.

# SEATING - ROCK ACTIVE SEATING

Rock stools elevate learning by encouraging body movement and student engagement. The patent-pending seat mechanism encourages a non-disruptive, front-to-back and lateral pivoting action that turns tired, distracted and fidgeting students into engaged learners. The sturdy stool's height, backless design, and gentle seat contours promote better blood circulation, improved posture, attentiveness and eye-to-eye interactions. Plus, the stable stool entices multiple stances – sit, stand, and perch, so students change posture more frequently to improve overall health.

# SEATING - SOFT ROCK

Soft Rock adds to the Rock family by creating seating alternatives. Choose from a variety of fully upholstered soft seating solutions that range from floor cushions to multi-height casual stools that come with or without the patent-pending Soft Rock active base mechanism. If you want a more laid-back seating solution, check out the Rock Beanbag.  It's built with a higher back to support torsos more effectively and holds its shape.

# FINISHES

We take great pride helping you make your school unique and appealing. Our newest standard laminates, paints and fabrics were carefully selected to provide fresh colorways that stimulate engagement. We also team with top surface material manufacturers to create your personal statement from their extensive standard palettes. Or, for functionality and durability, choose markerboard, phenolic resin or maple block options.

# LAMINATE GRADING SYSTEM

All Fleetwood storage products, and desks and tables are available in five grades of laminate with the exception of our wood frame science tables. The base prices in this price list are based on Grade 1 laminates, unless the product description calls out a specific laminate, like black HPL, black chemical resistant HPL, black chemical resistant phenolic resin or maple block. The five laminate grades are shown below.
For pricing on G2 through G5 to be applied, specify a minimum of 25 units.

# SPECIAL AND CUSTOM PRODUCTS

## CUSTOM SURFACE MATERIALS

Fleetwood tables and casegoods feature particleboard construction with Thermally Fused Laminate (TFL) faces unless otherwise noted. High Pressure Laminate (HPL) is standard on select tops. Both TFL and HPL laminates may also be requested as a custom material. Contact your Fleetwood Learning Environments Project Coordinator for lead time and pricing information.

## UNIQUE SHAPES AND SIZES

While Fleetwood offers a broad selection of shapes and sizes of products, sometimes you might still need a unique product or finish. We try to make this easy for you. Please contact your Fleetwood Learning Environment Consultant or Project Coordinator at sales@fleetwoodfurniture.com or 800.257.6390 for quoting assistance.

For budgeting purposes, please use the following rules for quantities of **25 or more**. Pricing does not apply for lower quantities. We encourage you to continue to submit special requests to Fleetwood as soon as possible to confirm pricing as unique considerations may impact your custom product request. Please call for all shape changes and base modifications on tables.

# CARE AND MAINTENANCE

## CARE OF LAMINATE, METAL, PLASTIC FINISHES AND CHEMICAL RESISTANT PHENOLIC RESIN WORK SURFACE

Wipe product with a damp cloth to remove general soil and water-borne stains. If needed, use a nonabrasive, all-purpose cleaner suitable for hard surfaces such as Soft Scrub®, Windex®, Glass Plus®, Formula 409®, Fantastic®, or Mr. Clean® followed by a clean water rinse and dry immediately. Abrasive or harsh chemicals may discolor or mar the finish. Also, avoid abrasive cloths and sponges like Mr.Clean® Magic Eraser. Remove water spills immediately. Do not place heat producing items directly on laminate or chemical resistant phenolic resin surfaces as it may mar the finish.

## CARE OF MAPLE BLOCK WORK SURFACES

Dust with a cloth slightly dampened with water. Clean tops with warm, soapy water and dry with rag or towel to remove any standing water on surface. Furniture wax can be applied periodically to bring back some of the luster which may be lost over the years.

Maple block is a natural material. Variations in grain and color are part of its natural character. Wood products will develop a beautiful patina over time which will modify its initial color. Exposure to sun will accelerate this process. Keep wood products at a relatively constant temperature and humidity.

## CARE OF PAGES™ MARKER BOARDS AND WHITE MARKER BOARD SURFACES

Use non-toxic dry erase markers and microfiber clothes to erase. Clean the boards with soap and water only using a lint free soft cloth. Avoid harsh chemicals, especially ones that contain ammonia that will damage the finish.

## CARE OF EDGE BAND

Use a mild liquid detergent. After cleaning, wipe the edges with a cloth dampened with warm water and dry immediately.

## CARE OF FABRIC

**SILVERTEX** contains an antimicrobial agent. It is safe for diminishing odors and helps control bacterial growth. Cleaning instructions vary based on stain type.
**GENERAL:** Clean with damp cloth.
**STAIN TYPE:** Felt tip marker, crayon, chocolate, suntan lotion, hair/body oils. Clean with 1:1 mix of Ivory™ soap and water.
**STAIN TYPE:** Blood, urine, feces, oil-based paint, tar, asphalt. Clean with a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water.
**STAIN TYPE:** Other stains. Clean with a 1:1 mix of isoprophyl alcohol and water. If stain persists, use straight alcohol.

**Microsuede**

Dab up spills as quickly as possible. Be careful not to rub the spill into the fabric. Hand wipes containing alcohol work well for spot-treating small accidents. Never get sections of microsuede too wet or water spots may occur.

Dry-clean microsuede by sprinkling it with a mild, dry laundry detergent. Rub the detergent gently into the upholstery with a scrub brush, and then vacuum.

Wash with a product made for cleaning microsuede, or use soap with a low ph balance, such as baby shampoo.

Don't get the fabric too wet—a damp, wrung-out cloth should work for applying and wiping away the soap. Spot-clean stubborn stains with alcohol. Blot the area with rubbing alcohol with a clean white cloth or mist the stain with aerosol disinfectant and scrub.

Treat odor stains like urine quickly. Soak up everything you can with paper towels, then dab the area with vinegar. Sprinkle the surface with baking soda and allow it to soak up the remaining moisture, and then vacuum. Spray-on odor removers can be used but mist lightly to avoid water stains.

# TERMS AND CONDITIONS

## PRICING
Pricing shown in this price list is subject to change without notice. Reference 20/20 and Project Matrix for current pricing.

## PRODUCT
Fleetwood reserves the right to discontinue product and change product specifications. Digital images in print and web-based sites may not be exact.

## ORDERS
Orders will be accepted only from authorized Fleetwood dealers. Submit orders via fax or email. No verbal orders will be accepted. Orders are binding only upon acceptance by Fleetwood and conditions set forth in the order acknowledgment and invoice. Orders are subject to credit availability.
All orders must include the following information: 1) purchase order number, 2) billing address, 3) ship-to address, 4) model number with size, description, finish selections and options, 5) quantities, 6) pricing, 7) quote number, 8) delivery date, 9) phone number and contact to call before delivery, and 10) approved drawings (if needed).
Also identify 1) customer, 2) dealership, 3) dealer salesperson and 4) other relevant contacts.

An order acknowledgment will be emailed by Fleetwood after acceptance of the order. Fleetwood assumes all orders are correct as acknowledged. It is the dealer's responsibility to review and confirm that all information is correct and to notify Fleetwood within two business days of any order discrepancies. Fleetwood is not responsible for typographical errors.

Order status may be checked on our website; www.fleetwoodfurniture.com.

## TERMS
Open account status is only granted after a credit application is submitted and approved by Fleetwood. New customers and international customers are cash in advance. Remittance to be sent to PO Box 1259, Holland Ml 49422-1259 or sent via ACH transactions. Please contact Fleetwood Accounting department for details. Dealers with open account status and specific credit limits have payment terms of NET 30 from date of invoice.

## CHANGE ORDERS OR CANCELLATIONS
Purchase orders received by Fleetwood are firm and may not be canceled or changed in whole or in part without written consent from Fleetwood. Consent will be determined by customer's agreement to pay any additional expenses that may be incurred resulting from the request to change or cancel the order.

## SHIPPING TERMS

Fleetwood will determine the method and carrier that meets the delivery criteria. Shipments will be routed the best way using small parcel, LTL or truck load carriers. Shipments do not include inside delivery, liftgate or call before notification and are subject to fees that are available upon request. All orders (unless previously determined per purchasing agreement) are subject to shipping costs. (Prices shown in price list do not include shipping costs. Rates vary based on carrier, expediting requests, and final destination.) Charges are prepaid and added to the invoice. All orders are shipped F.O.B origin. Merchandise title passes from Fleetwood to the consignee upon delivery to the carrier.

## FREIGHT SHORTAGES AND DAMAGE
Buyers receiving goods must follow these instructions. Failure to follow these instructions may affect the costs for the delivery and replacement of damaged goods.
Buyer must count and thoroughly inspect all items for shipping damage before accepting delivery. If there is a shortage, please note the shortage on the delivery receipt. Note visible damage on the delivery receipt and show the driver. If damage has occurred, report this to Fleetwood within 5 business days. If it appears that damage could be possible, instruct the driver to open the carton and inspect contents. You have the right to accept partial shipments and refuse the remaining damaged units unless the items shipped via a blanket-wrapped carrier. If damages or shortages are not noted on the delivery receipt, the carrier and Fleetwood are relieved of further responsibility, and a claim may not be processed. Please save original packaging in case return shipment or inspection is required.

# TERMS AND CONDITIONS

## FREIGHT SHORTAGES AND DAMAGE

UPS or FedEx Shipments: Inspect the shipment immediately following delivery for damage. Note all damage on the receipt and have the driver initial before you sign the receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

## DELAYS

Orders will ship per the acknowledged ship date. If the customer requests a delay in shipment, the customer may be subject to fees associated with storage. Requests for delays must be submitted in writing. Fleetwood will provide a storage estimate based on the order size and storage terms. Fleetwood will make all storage arrangements.

## RETURNS

Products may not be returned and will not be accepted without prior written consent by Fleetwood. Please contact your Learning Environment Project Coordinator to obtain a Return Authorization. Approved returns may be subject to restocking and other fees which will be determined at Fleetwood's discretion. Products returned must be received in new condition and will be assessed prior to issuing a credit. Non-standard product is not returnable.

## STANDARD AND NON-STANDARD PRODUCT LEAD TIMES

Standard products with standard finishes published in the current price list have pre-determined lead times from receipt of order acknowledgment. See website for current lead times or contact your Learning Environment Project Coordinator. Lead times may extend if demand far exceeds forecast, which can occur during peak summer demand. Fleetwood encourages customers to place orders early to avoid this peak time.

Non-standard products and standard products specified with non-standard finishes may have a longer lead times. Contact your Fleetwood Learning Environment Project Coordinator for more information. Fleetwood is not responsible for costs incurred due to delay of shipments.

## QUICK SHIP PROGRAM

See 2020 Quick Ship price list for terms and conditions. Available January 2020. The program is designed to provide complete classrooms quickly.

# LIMITED LIFETIME WARRANTY

Fleetwood Group Inc. ("Fleetwood") warrants that Fleetwood brand products are free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Fleetwood Branded Products delivered in the United States and U.S. territories. The warranty is valid from the date of delivery to the original end user and is non-transferable at its option and free of charge (for materials and components). Fleetwood will repair or replace with comparable product, any product, part or component that fails under normal use. If repair or replacement is not commercially practicable, Fleetwood will provide a refund or credit for the affected product. End user means the final purchaser acquiring a product from Fleetwood or a Fleetwood Authorized Reseller for the purchaser's own use and not for resale, remarketing or distribution.

## EXCEPTIONS TO THE LIMITED LIFETIME COVERAGE

12 years: Laminate, solid surfaces, natural wood tops, fabrics, casters, glides, levelers, hinges, drawer slides, locks, Rock™ seating surface and mechanism, flip & nest table mechanism, Learning Wall white boards
5 years: plastic trays and plastic rails
3 years: Electrical components, pneumatic and hydraulic cylinders, soft close hinges, fabrics

## WARRANTY DOES NOT APPLY TO PRODUCT DEFECTS, DAMAGE, FAILURE OR LOSS RESULTING FROM:

- Normal wear and tear (including, but not limited to, scratching of epoxy tops, maple block tops and phenolic tops, and ghosting on white board desks, tables and Pages™, and puncturing of the Rock™ seating surface)
- Failure to apply, install, reconfigure, or maintain products according to published Fleetwood or manufacturer instructions and guidelines
- Use of abrasive cleaners
- Abuse, misuse, or accident (including, without limitation, use or storage of product in unsuitable environments or conditions)
- Product exposure to water or other liquids
- Unauthorized alteration or modification of the product
- The substitution of any unauthorized non-Fleetwood components for use in the place of Fleetwood components

## WARRANTY DOES NOT COVER:

- Products considered by Fleetwood to be consumables; (Pages dry erase white boards)
- Variations occurring in surface materials (e.g., colorfastness, matching grains, textures and colors across dissimilar substrates and lots), and natural aging found in materials such as wood
- Any non-standard products that were explicitly excluded from warranty coverage and captured in writing on the quote
- Other manufactures' products (Fleetwood will pass along other manufacturers' warranty.)

## WARRANTY PROVIDES EXCLUSIVE REMEDIES:

- Pursuant to this limited warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Fleetwood will 1) repair or, at Fleetwood's option, replace the affected product at no charge with a new or refurbished product of comparable function, performance and quality or 2) refund or credit of the purchase price for the affected product if, at Fleetwood's discretion, Fleetwood determines that repair or replacement is not commercially practicable or cannot be timely made.
    - A product "defect" means an inadequacy in the materials or workmanship of the product that 1) existed at the time when you received the product from Fleetwood or a Fleetwood Authorized Reseller and 2) causes a failure of the product to perform under ordinary use in accordance with the materials and documentation for the product.
    - An "ordinary use" means use of the product 1) in conformance with all applicable local, state or federal laws, codes and regulations (including without limitation building and/or electrical codes) and 2) in accordance with manufacturer recommendations and/or instructions in the materials and documentation for the product.
    - A "Fleetwood Authorized Reseller" means any dealer that 1) is duly authorized by Fleetwood to sell the product, 2) is legally permitted to conduct business in the jurisdiction where the product is sold, and 3) sells the product new and in its original packaging.
- Replacement parts are covered for the balance of the original product warranty.

Fleetwood reserves the right to request that the damaged product be returned prior to granting a remedy.

THIS LIMITED WARRANTY IS THE SOLE REMEDY FOR PRODUCT DEFECT AND NO OTHER EXPRESS OR IMPLIED WARRANTY IS PROVIDED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. FLEETWOOD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES.
