TABLES & DESKS - UNITIZED FRAME

This table features a fully welded steel frame under the work surface perimeter that is connected to round or square legs. It stands up to a lifetime of classroom abuse.

SHIPPING

- Work surfaces ship separate from frames
- Frames ship stacked
- Levelers or caster stems installed on legs
- Casters field installed
- Product weights shown exclude packaging materials

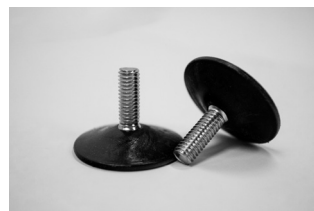

PRODUCT DETAILS

75mm locking casters

Frame underside

2" dia. Levelers

Leg adjustments

TABLES & DESKS - UNITIZED FRAME - RECTANGULAR

STANDARD INCLUDES

- Grade 1 (G1) laminate on work surface
- 3mm edge band
- Painted leg frame. Rectangle work surface leg is square.
- Mobility solution: leveler or caster.
No finish choice.

REQUIRED TO SPECIFY

1. Model number
2. Height and mobility combination code.
Add price.
3. Laminate code (G1). Add unique code.
Add upcharge to base price.
4. Work surface laminate and edge band color names
5. Frame paint color
6. Accessory and assembly options
If no accessories and no factory assembly, add code (R) to end of model number.
If accessories are desired, see page 6 for options and codes to add to model number.
If no factory-installed accessories selected, but assembly is desired, add code (A) to end of model number and \$34 list.

SEATING - ROCK ACTIVE SEATING

Rock stools elevate learning by encouraging body movement and student engagement. The patent-pending seat mechanism encourages a non-disruptive, front-to-back and lateral pivoting action that turns tired, distracted and fidgeting students into engaged learners. The sturdy stool's height, backless design, and gentle seat contours promote better blood circulation, improved posture, attentiveness and eye-to-eye interactions. Plus, the stable stool entices multiple stances – sit, stand, and perch, so students change posture more frequently to improve overall health.

WHITEBOARDS - PAGES™

Pages Dry Erase Marker Board System takes collaboration to a new level with its multi-stacking, light-weight whiteboards that work individually or mount in multiples to mobile carts, cabinets and walls vertically or horizontally. The boards' magnetized corners and brackets easily click together or pop apart. Featuring durable high pressure laminate, the solution proves more environmentally friendly and economical over its lifecycle than paper-based options.
