

FULL END PANEL TABLE AND CARREL SPECIFICATION

Full end panel table and Carrel

Standard features of worksurfaces with full end panel support:

- All particleboard worksurfaces and shelves, where applicable, have 1" thick 45lb. density particleboard substrate and feature balanced construction with high pressure laminate (HPL) on top and .5mm cabinet liner backer on bottom of worksurface.
- All particleboard surfaces and edges are finished and sealed with glue bonds to create moisture barrier
- Permanently attached 3mm color-matched or coordinating PVC edge band with ergonomic 1/8" radiused top edge bonded with hot-melt adhesive and trimmed flush on top and bottom to create pry-proof edge
- Worksurfaces with square corners have 3mm radius on vertical edge.
- All worksurfaces feature pilot holes in all screw locations for easy installation
- See matrix for available offering.

Standard features on wood modesty panels and end panels supports:

- 3/4" thick 45lb. particleboard substrate with color-matched thermally fused laminate (TFL) on both sides for all horizontal and vertical outer and internal panels and shelves.
- No unfinished particleboard panels
- 3mm color-matched PVC edge band bonded with hot-melt adhesive on visually exposed edges

Standard features on carrels:

- 3/4" or 1" thick 45lb. multi-density particleboard substrate with a balanced construction of color-matched, thermally fused laminate (TFL) on both sides of all horizontal and vertical outer and internal panels.
- Worksurfaces and shelves are 1" thick 45lb. multi-density particleboard substrate feature a balanced construction with high pressure laminate (HPL) on top and .5mm cabinet liner backer on bottom of worksurface
- Permanently attached 3mm color-matched or coordinating PVC edge band with ergonomic 1/8" radiused top edge bonded with hot-melt adhesive and trimmed flush on top, bottom and sides of all visible portions of cabinets to create pry-resistant edges and structural integrity
- Zinc metal L-bracket and screw butt-joint construction with screws contained to inside of unit. #10 sized screws utilized.
- Starter and adder unit carrels joined together in the field with female and male shoulder screws and mod-eez clips.
- 3" diameter cable passthrough and grommets on carrel units
- Shipped ready to assemble with all pilot holes drilled

Custom features:

- Custom worksurface sizes

Surface materials palette:

- Thermally Fused Laminate (TFL) available in woodgrains, solids, or patterns. 18 standard colors with coordinating edgeband colors.
- High Pressure Laminate (HPL) available in wood grain, patterned, or solid color palette. 18 standard options with coordinating edgeband colors. Wilsonart laminates also available as a graded-in custom material.
- Custom TFL and HPL (worksurfaces only) through specials request process with coordinating 3mm vinyl edgeband.
- Buying relationships established with Wilsonart, Formica, Nevamar, Pionite/Panolam, and other suppliers.

Overall:

- Tables ship unassembled from the factory. Carton packaging skids are made from recycled materials.

Warranty highlights:

- Fleetwood brand products carry a limited lifetime warranty, where products are warranted to be free of defects in materials and workmanship for the life of the product.
- Normal wear-and-tear is not covered under the warranty. Unauthorized alterations, improper maintenance, or abuse nulls warranty.
- Fleetwood will repair or replace free-of-charge any component that fails under normal use or provide refund or credit.
- Laminates, casters, levelers, and flip-and-nest mechanisms have a 12-year warranty.
- Some products have limited life coverage of 3 or 5 years. See full warranty statement for details.
- Consumables, natural variations in product, and select non-standard products not covered under limited lifetime warranty.
- See full warranty statement for details.
