

POST LEG TABLE SPECIFICATION

Metal bolt-on, post legs

Part of a coordinated collection of worksurfaces and storage, student desks and tables are large enough to support today's school tools – usually laptops and 3-ring binders – while small enough to support condensed footprints. All tops are symmetrical allowing spontaneous reconfigurations between lecture and project work, and they can be supported by either fixed or height-adjustable legs. In addition, the desks and tables are extremely durable, featuring a welded steel frame, pick-proof and moisture-resistant edges, and heavy-duty levelers or casters.

Types of units:

- Multiple shapes: Round, half round, horseshoe, kidney, arc, chevron, wedge, diamond, teardrop, pillow, blend
- Multiple heights: Fixed 14" or 29" and adjustable: 20-28" or 24-32"
- Multiple depths: 28.5"-66"
- Multiple widths: 36"- 72"

Standard features for student desks and table worksurfaces:

- All particleboard worksurfaces have 1" thick 45lb. density particleboard substrate and feature balanced construction with high pressure laminate (HPL) on top and .5mm cabinet liner backer on bottom of worksurface
- All particleboard surfaces and edges are finished and sealed with glue bonds
- Permanently attached 3mm color-matched or coordinating PVC edge band with ergonomic 1/8" radiused edge bonded with hot-melt adhesive and trimmed flush on top and bottom to create pick-proof and moisture-resistant edge.
- Worksurfaces with square corners have 3mm radius on vertical edge. Rounded corners have 2" radius on corners. Radius on other shapes varies based on worksurface shape.
- All worksurfaces feature pilot holes in all screw locations for easy installation.

Standard features on fixed-height post bolt-on table leg (independent legs):

- Fixed legs available in round leg version with 1-1/2" diameter 14-gauge steel tubing
- 10-gauge 6"x6" steel plate welded to individual post leg assemblies supports worksurface
- Leg assemblies attach to worksurfaces with ten 7/8" phillips panhead black wood screws that facilitate easy installation and prove both snag-proof and tamper-resistant to students
- Quantity of legs varies with worksurface shape and size
- Electrostatically applied power-coat paint.

Standard features on adjustable-height post bolt-on table leg (independent legs):

- Upper legs with 1-1/2" diameter 14-gauge steel tubing
- Lower legs with 1-1/4" diameter 16-gauge steel tubing
- 10-gauge 6"x6" steel plate welded to individual post leg assemblies supports worksurface
- Leg assemblies attach to worksurfaces with ten 7/8" phillips panhead black wood screws that facilitate easy installation, and prove both snag-proof and tamper-resistant to students
- Legs adjust in 1" increments with a finished assembled height from 20-28" or 24-32" high. Two 1/4-20x 3/4" black screws secure each leg at desired height. Holes located on inside of post leg feature clean, non-passthrough, tamper-resistant design
- Quantity of legs varies with worksurface shape and size
- Electrostatically applied power-coat paint

Mobility features on fixed or adjustable-height post bolt-on table leg (independent legs):

- Levelers on all legs
 - Threaded-stem leveler made of glass-filled black nylon 2" diameter base and 3/8x16 stainless steel screw glide with hexagon adjuster for up to 3" of vertical adjustment.
- Casters on all legs
 - 75mm diameter stem-mounted nylon twin-wheel, swivel, foot-locking casters with non-marking urethane tread suitable for use on carpet or hard floors. Casters shipped attached or with toolless field attachment for quick installation.

Optional desk and table accessories:

- Power technology options
 - Available field installed or factory assembled
 - Byrne Salt disc-shaped unit for one outlet with 72" long cord in storm finish
 - Byrne Moire trapezoid tower-shaped 2" high unit with power on 4 sides in storm finish. Has 72" long cord with circuit breaker
 - Byrne Burele rectangular 2"H with 7 1/2" wide sides with 4 power outlets on one side in storm finish. Has 72" long cord with circuit breaker
 - Byrne Burele rectangular 2"H with 7 1/2" wide sides with 2 power outlets, 2 USB and 1 HDMI on one side in storm finish. Has 72" long cord with circuit breaker

Surface materials palette:

- High Pressure Laminate (HPL) available in wood grain, patterned, or solid color palette. 41 standard options with coordinating or contrasting edgeband colors. Wilsonart laminates also available as a graded-in custom material.
- Custom TFL and HPL (worksurfaces only) through specials request process with coordinating 3mm vinyl edgeband.
- Buying relationships established with Wilsonart, Formica, Nevamar, Pionite/Panolam, and other suppliers.
- 4 standard paint options

Overall:

- Tables ship unassembled from the factory. Carton packaging skids are made from recycled materials

Warranty highlights:

- Fleetwood brand products carry a limited lifetime warranty, where products are warranted to be free of defects in materials and workmanship for the life of the product.
- Normal wear-and-tear is not covered under the warranty. Unauthorized alterations, improper maintenance, or abuse nulls warranty.
- Fleetwood will repair or replace free-of-charge any component that fails under normal use or provide refund or credit.
- Laminates, casters, levelers, and flip-and-nest mechanisms have a 12-year warranty.
- Some products have limited life coverage of 3 or 5 years. See full warranty statement for details.
- Consumables, natural variations in product, and select non-standard products not covered under limited lifetime warranty.
- See full warranty statement for details.
