

# PICNIC TABLE AND BENCH SPECIFICATION

## Unitized leg

### Standard features:

- Worksurfaces/seat with metal frame understructure feature High pressure laminate (HPL) feature 1" thick 45lb. particleboard substrate with a balanced construction of HPL on top and .5mm cabinet liner backer on bottom of work surface
- All particleboard surfaces or edges are sealed with glue to create moisture barrier
- Permanently attached 3mm color-matched or coordinating PVC edge band with ergonomic 1/8" radiused top edge bonded with hot-melt adhesive and trimmed flush on top and bottom to create pry-proof edge
- Worksurfaces with square corners have 3mm radius on vertical edge.
- All worksurfaces/seats feature pilot holes in all screw locations for easy installation

### Fixed 4-leg table and bench with unitized frame:

- Fixed legs available in 1) round leg version with 1-1/2" 14-gauge steel radius tubing or 2) square leg version with 1-1/2" 16-gauge square steel tubing with a butt-welded assembly for multiple design statements
- Under-worksurface/seat frame creates a strong understructure that withstands long-term classroom abuse and misuse
- Under-worksurface frame supports easy work surface/seat changeout that more than doubles the life of a customer's purchase
- Leg assemblies are fully assembled in factory for quick installation
- Leg frame assemblies attach to work surface/seat with 10x2" Phillips panhead metal screws that facilitate easy installation, and prove both snag-proof and tamper-resistant to students
- Fixed 29" high tables have no additional crossbars on frames
- Levelers on all four legs.
  - Threaded-stem leveler made of glass-filled black nylon 2" diameter base and 3/8x16 stainless steel screw glide with hexagon adjuster for up to 1.5" of vertical adjustment
- Electrostatically applied power-coat paint

### Optional desk and table accessories:

- Metal bag hook made with 10-gauge steel with rounded ergonomic corners. Field installed with one #12x.625" self-drilling screw to underside of work surface steel frame. Powder coat painted finish.
- Enclosed 16-gauge sheet metal book box with ergonomic folded metal edge on user side to eliminate sharp edges and no book-snagging wire frame. Open only on user side. Designed to work with rectangular-style 30"x24" tables or Triangle and Delta tables. Field installed. Powder coat painted finish.

### Surface materials palette:

- High Pressure Laminate (HPL) available in wood grain, patterned, or solid color palette. 18 standard options with coordinating edgeband colors. Wilsonart laminates also available as a graded-in custom material.
- Custom HPL (worksurfaces only) through special request process with coordinating 3mm vinyl edgeband.
- Buying relationships established with Wilsonart, Formica, Nevamar, Pionite/Panolam, and other suppliers.
- 4 standard paint colors

## Overall:

- Tables & bench ship unassembled from the factory. Carton packaging skids are made from recycled materials.

## Warranty highlights:

- Fleetwood brand products carry a limited lifetime warranty, where products are warranted to be free of defects in materials and workmanship for the life of the product.
- Normal wear-and-tear is not covered under the warranty. Unauthorized alterations, improper maintenance, or abuse nulls warranty.
- Fleetwood will repair or replace free-of-charge any component that fails under normal use or provide refund or credit.
- Laminates, casters, levelers, and flip-and-nest mechanisms have a 12-year warranty.
- Some products have limited life coverage of 3 or 5 years. See full warranty statement for details.
- Consumables, natural variations in product, and select non-standard products not covered under limited lifetime warranty.
- See full warranty statement for details.
