

Rock™ Stool

Stimulating • Comfy • Sturdy

Rock active stools elevate learning by promoting body movement and student engagement. The unique seat design encourages the kind of motion that turns tired, distracted students into active learners. Sturdy backless design, age-appropriate height options and gentle seat contours improve blood circulation, posture, attentiveness and eye-to-eye interaction.

SIT, STAND, PERCH

Alternating posture enhances well-being.

ROTATE

Non-handed, backless seat promotes quick swiveling to class focal points.

MORE ROOM TO LEARN

Rock's small footprint allows tables and aisles to shrink, improves circulation ease, and supports more students per square foot than traditional student seating.
