

# Illusions 2.0

Architectural • Limitless • Futureproof

Get the look and feel of built-in storage solutions without the time and expense. Illusions 2.0 supports perimeter and space-division planning without locking you in – it's easy to move and reconfigure components as your needs change. Multiple sizes and configurations combined with modular flexibility give you near-endless options for personalizing your space.

## Understanding Illusions 2.0 components

Modular Illusions 2.0 components are dimensioned to work in harmony together. While many varieties of components exist, the basic categories are highlighted below.

### MODULAR COMPONENTS

- |                           |                            |
|---------------------------|----------------------------|
| A – Base cabinet          | F – Hutch                  |
| B – Base corner filler    | G – Overhead corner filler |
| C – Spanning worksurface  | H – Tall storage           |
| D – Spanning backsplash   | I – Side filler            |
| E – Overhead storage unit | J – Tall (side) filler     |

### BUILT-IN LOOK WITHOUT THE EXPENSE

Most built-ins limit you to shelves, doors and maybe a few drawers. Illusions 2.0 allows you to do so much more, accommodating layered markerboards and digital solutions.

### EASY “DO-OVERS”

If functional needs change, Illusions 2.0 morphs easily. Reconfigure existing components or add or subtract units to support new teaching methods.

### PERIMETER AND OPEN

Illusions 2.0 is finished on the back, equipped with counterbalance weights and attached to adjoining units – making it a safety-conscious solution that’s equally at home against a wall or separating classroom space.

### FAST, NO-TRADES INSTALLATION

Your dealer rolls Illusions 2.0 off the truck and into finished classrooms, so everything is “teacher ready” in hours versus weeks.

### SIZES

- W: 15” to 48” (storage, some exceptions)  
48” to 120” (spanning worksurface)  
D: 14”, 20” ( storage)  
20”, 24” 25” (worksurface)  
H: 24” to 84”

### MOBILITY

- Leveler
- Leveler/caster assembly

### FINISHES

- TFL (case)
- HPL (worksurface)
