

Fleetwood Presentation Carts redesigned.

We have updated our Presentation Carts to match our Designer 2.0 and Illusions 2.0 storage product lines. The primary changes are: the door is now over-lapping versus inset, the 100mm casters are now the same as Designer 2.0 versus 75mm. We've also added a new larger worksurface option!

Below are images of the 3 sizes we are offering and the 2024 list prices.

24w x 22d x 40h
DPSN2422404D – no power
List: \$1,418

DPSP2422404D – with power
List: \$1,660

36w x 22d x 40h
DPSN3622404D – no power
List: \$1,892

DPSP3622404D – with power
List: \$2,196

New larger worksurface option

42w x 28d x 40h
DPSN4228404D – no power
List: \$2,366

DPSP4228404D – with power
List: \$2,670

New larger worksurface for multiple devices and papers. The worksurface/top has approximately a 7-1/2" overhang on the presenter's side of the cabinet, providing the presenter the option to sit on a stool and not bump their knees into the cabinet.

Features

- HPL top/worksurface
- Back panel: laminate is standard with the option to upgrade to markerboard or pegboard back panel. The back panel on the 24w cabinet does not extend up to the worksurface.
- Door pull: 128mm Arch pull is standard with the option to upgrade to Metro or Urban

- Locking door: available on the 36w and 42w cabinets
- Interior Storage shelf: available in the 36w & 42w cabinets. Shelf material is laminate.
- Gratnells Trays: 3" high trays are the standard option. Other configurations are available at no additional charge.
- Power: Minitap unit has 2 outlets and 72" long cord and is mounted behind the door to the underside of the exposed shelf.

Old Model Number	New Model Number
P150	DPSN2422404D
P151	DPSP2422404D
P180	DPSN3622404D
P181	DPSP3622404D

The April release of the 2024 Price List flipbook will have these new versions shown.

ProjectMatrix/CIL information has been submitted and Update/Activation notifications will appear in Notify and in CET by April 15, 2024.

Fleetwood's extension in CET, 2020, and the furniture website updates are in process and should be completed in May 2024.
