

MOBILE LEARNING STATION (MLS)

The Mobile Learning Station (MLS) is designed for flexible and focused learning. It meets the needs of tutoring, student accommodations and independent study. Educators can create unique learning spaces inside or outside the classroom, adapting to individual needs of students.

MOBILE LEARNING STATION OVERVIEW

INCLUSIVE & ACCOMMODATING
Supports student needs for personalized learning, providing choice and limiting distractions.

MOBILE
Ideal for creating focused, quiet learning spaces wherever they're needed.

SPACE EFFICIENT
Provides a functional and flexible learning environment by dividing space and creating privacy.

SENSORY FRIENDLY
Surrounding panels with PET felt screens, and other thoughtful features, create an inviting place to learn.

TUTORING | ACCOMMODATIONS | INTERVENTION | FOCUS | SPACE DIVISION

MLS, combined with E! Seating reverse cantilever, moves easily through doorways.

Create a learning space solution that includes everyone, anywhere.

Articulating center screen transforms double MLS from collaborative to independent learning.

Markerboard back on the Tall MLS creates an additional learning space perfect for small group instruction.
