

## E! SEATING

Seamlessly fits into any setting, from the classroom to the cafeteria - easy to use, clean, and love. E! seating has a one piece rib-free back and seat shell with a patented integrated handle and backpack hook. Available in a vibrant array of colors, it offers comfortable, intuitive, ergonomic support that helps students focus on learning.

# E! SEATING

Three shell sizes and a flexing back provide comfortable ergonomic support for all ages and body types. The flexing back provides passive ergonomic support to help keep students attentive. The sturdy design resists blushing at the bend point. Back shell features a patented and award-winning handle with built-in hook to keep backpacks off the floor and improves classroom circulation space for teachers trying to provide personal attention to all students.

# ONE CHAIR FOR EVERY BODY.

E! Seating offers a range of size and functional options to meet virtually any K-12 application. Get all the chairs you need for your entire student population from a single source.

## THE SHELL

Three shell sizes and a flexing back provide comfortable ergonomic support for all ages and body types. One-piece, no-rib construction eases cleaning and maintenance.

## HOOK IN THE HANDLE

Back shell features a handle with built-in hook to keep backpacks off the floor and improve flow as students travel between classes and as teachers navigate from student to student within the classroom.

## THE BACK

The flexing back provides passive ergonomic support to help keep students attentive. The sturdy design resists blushing at the bend point.

## STACKED AND PACKED

Stacks up to 10 high to facilitate floor cleaning and ease transport.

## THE BASE

Leg bases are 1" diameter powder-coated, heavy-gauge steel with a molded-in, metal-to-metal shell connection for exceptional strength and no pinch points. Choose from roll control caster and pivoting glide options.

## ROLL CONTROL CASTERS

Roll control casters keep your chair stable, only rolling freely when weight is applied.

# ROCK

Rock stools elevate learning by promoting body movement and student engagement. The unique patented seat design encourages the kind of motion that transforms tired, distracted students into active learners. Sturdy backless design with age-appropriate height options. Plus, gentle seat contours and unique cushion material improve blood circulation, posture, attentiveness, and eye-to-eye interaction.

## CREATES FLEXIBILITY ACROSS AGES AND HEIGHTS

The thoughtfully located footrest and adaptive seat allow the Rock Stool to be used across a broad range of ages and learning postures. Rock Stool also works great as an intervention tool for teachers to comfortably sit or perch next to a student's desk.

# ROCK

FLEETWOOD'S DEFINITIONS OF LEARNING POSTURES	
<b>SIT</b>	Rear fully in seat, hips at right angle, feet flat on floor or footrest. <b>Focused and Settled</b>
<b>PERCH</b>	Rear on edge of seat, hip angle open, feet on floor or footrest. <b>Alert and Engaged</b>
<b>STAND</b>	Rear out of seat and body upright. <b>Active and Collaborative</b>

**SIT**  
**Focused and Settled**  
 Rock's contoured, pivoting molded foam seat and integrated footrest enhance comfort while seated.

**PERCH**  
**Alert and Engaged**  
 The pivoting seat provides a stable and comfortable platform for shifting forward into a perched posture.

**STAND**  
**Active and Collaborative**  
 When paired with elevated worksurfaces, Rock allows for a seamless transition to standing.

**PRODUCTIVE FIDGETING**  
 Our patented seat mechanism with 360 degrees of pivoting motion, facilitates various learning postures.

**ROTATE**  
 The non-handed, backless seat enables students to easily swivel around as class focal points change.

**EYE-TO-EYE**  
 Elevating students brings them eye-to-eye with teachers for improved interactions.
